REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Although there is prior arts for measuring fetal waveforms with SQUID magnetometers, none of the prior arts discovered measures the heart wave in the manner the current application does by obtaining a waveform of a cross correlation coefficient between the waveform of the fetal heart (which is obtained by removing a magnetic field waveform generated by a heart of the pregnant female from a biomagnetic field waveform measured of the pregnant female) and a first template.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
